

# SPECIAL UPDATE

**ARBORISTNOW**  
URBAN FORESTRY

---

## UPDATED

Dear Clients,

***We are open and available for you!***

We want to assure you that we are strictly adhering to the Center for Disease Control and Prevention (CDC), along with local community health guidelines. We are doing everything we can to provide a safe and healthy environment for our employees, our clients, and the greater community.

**Our industry has been categorized as “essential services” because of its importance to public health.**

Services can be performed without the need for customer interaction. You can request to meet with your arborist “virtually” – but still onsite – where cell phones and tablets take the place of our person-to-person interaction. Now that you’re spending more time on your property, reach out to make sure it’s safe with no dangerous branches or tree issues and to enhance the beauty of your landscape for heightened outdoor enjoyment.

When the outdoors are flourishing with people and activity again soon, you’ll be ready to fully enjoy it. You can focus on enjoying your friends, family, and the beautiful weather!

*Some of the services we can provide:*

- Tree removal
- Spring tree trimming and [tree pruning](#)
- Springtime fertilization to help promote healthy trees and greenery.

- Our [Plant Healthcare Program](#) detects signs and symptoms of pests and disease activity, so we can provide treatment and guard against bacterial and fungal diseases too.

---

## Remember the therapeutic benefits of nature and your green surroundings!

Spending time with nature can help lower anxiety and bring you joy, especially during this stressful time.

### ***Benefits of Nature:***

1. Natural sunlight helps mitigate pain, provides vitamin D, and helps boost your immune system. Fresh air decreases disease vectors.
2. Studies show that a few minutes of viewing a nature scene improves blood pressure, respiration rate, brain activity, and decreases stress hormones.
3. Being among nature and being present in it can restore your focus and you'll be happier for it.

Whatever the activity, be out and appreciate the natural elements to reduce anxiety.

---

**\*ATTENTION\***

# We are offering a 10% discount on *all* tree services for the next 30 days!

**\*Must schedule appointment and approve quote no later than April 30th for discount. Discount will NOT apply after that date.\***
