MEET OUR NEW PARTNERS: FIVE FUN FACTS ABOUT FRIENDS OF THE URBAN FOREST

Our team members at Arborist Now have always been passionate about seeing thriving trees in the streets of San Francisco. We're convinced that bringing tree life into the city also improves human lives! And we believe that maintaining these trees is an important way of serving our city. By taking care of our trees, we take care of each other!

That's why we're so excited to announce our new partnership with [Friends of the Urban Forest](#) (FUF). FUF is a vibrant San Francisco non-profit that's already planted almost half of San Francisco's street trees. Today, we're introducing FUF by sharing five fun facts you may not have known about this organization.

Be on the lookout for great matching fundraising opportunities in April in honor of *Earth Month/Day!*

Be sure to read [Arborist Now's blog](#) for the latest in tree care!

Our experienced and professional team can assist you with anything outdoors from cleaning up leaves and debris in garden beds and lawn areas to weeding, pruning, preparing garden beds, and more!

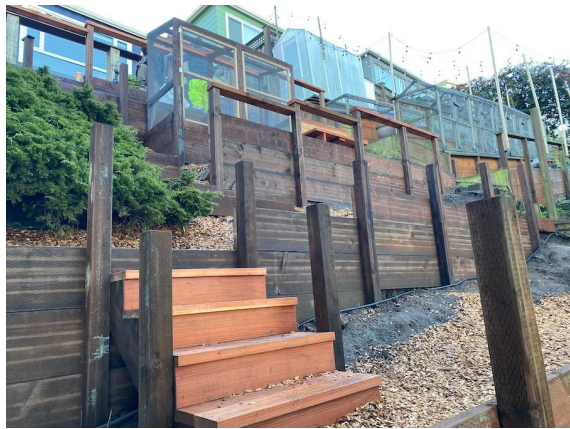

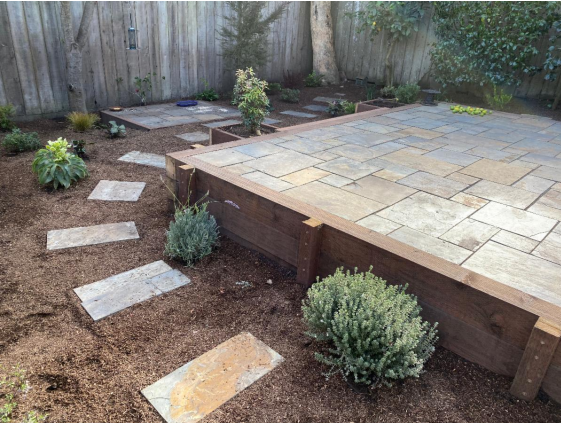

We can also:

- Apply appropriate organic fertilizer and pre-emergent weed control to garden beds
- Add a fresh layer of organically dyed hardwood mulch to garden beds
- Check landscape lighting and replace bulbs as needed
- Start and check your irrigation system
- Pressure wash patios, driveways, and other hardscapes
